

## 29a – Improving Collaborative Capacity

### Action Item Template Response

#### General Action Item Information

Lead Division/Office: Communication and Support

Action Item Number: 29a

Action Item Short Name: Improving Collaborative Capacity

#### Dependencies with other EP Action Items:

Implementation leader (name & email): Bob Flynn ([reflynn@indiana.edu](mailto:reflynn@indiana.edu)), Momi Ford ([moford@indiana.edu](mailto:moford@indiana.edu)), Todd Herring ([therring@iupui.edu](mailto:therring@iupui.edu)), Jim Kippenbrock ([jkippenb@iupui.edu](mailto:jkippenb@iupui.edu))

Action Item Number: Duane Schau ([dschau@iu.edu](mailto:dschau@iu.edu))

#### I. DESCRIBE YOUR PLANS FOR IMPLEMENTING THIS ACTION.

Create new structures for community involvement and governance, leveraging constituencies for a thriving organization.

- Establish multi-campus boards and councils comprising center and distributed IT professionals, research, administration, and student and faculty leaders to determine the most effective strategies for adapting IT services.
- Establish clear and identifiable governance roles and decision rights with which professionals can enact shared strategic decisions.
- Establish collaborative methods for evaluating and recommending which IT services should reside at the unit, enterprise, and meta-university levels.

#### II. WHAT ARE THE POLICY AND PRACTICE IMPLICATIONS OF YOUR PLANS?

New policies, practices and standards are necessary to manage in a highly collaborative environment.

#### III. IDENTIFY STAKEHOLDERS.

- IT managers
- Non-support IT professionals
- IT deans (IUPUI)
- Faculty Council IT subcommittees
- IT staff and professionals
- Student government and IT-related student groups
